2ND MEETING IN ERZURUM (TÜRKIYE)

Our Turkish team organized the second face-to-face meeting in Erzurum (Türkiye) from 31st October to 1st November 2023. These days we could discuss our next lines of work and discover the Turkish culture.

ASSESSING SCHOOL ABSENTEEISM IN MESSINA (ITALY)

Our Italian team visited different high schools (IES Bisazza, Emilio Ainis, IISG Minutoli, Seguenza, Antonello Messina, etc.) in order to administrate the corresponding questionnaires about the assessment of the School Attendance Problems (SAPs) and be aware of the reality of this problem.

IES ANDREU SEMPERE IN THE ABSENTEEISM COMMISSION

One of our Spanish high schools, IES Andreu Sempere (Alcoy), met with the absenteeism commission along with the city council of Alcoy to set a protocol to communicate new cases of school absenteeism.

QUALITY ASSESSMENT OF SOS-ATTENDANCE

The quality assessment of the Observatory is crucial to know about the achievement of the objectives. To collect different opinions, we take into account opinion of 2 External Experts, the Steering Committee and Web Users. Then, we combine the use of surveys and SWOT Analysis.
